

Here are the highlights from the April 27, 2022 vestry meeting.

- Although pledges are slow coming in for operating expenses, St. Mary's financial future is excellent. Bruce Sweeney is forming a new finance committee and you are welcome to be a part of that team. Please contact Bruce at brucesweeney50@yahoo.com.
- The Easter services were very well attended (about 100 at the in-person service with many new faces). Coffee hour in the courtyard was a sight to behold with at least fifty of us meeting for fellowship and tasty treats. The energy is still present.
- The Dwight & Rosi Edwards Endowment document was approved by the vestry so that those funds can be invested for the future maintenance and preservation of our historic property. (The income from those funds will not be available until sometime in 2023.)
- To continue our discernment conversation around the future of St. Mary's, the vestry will be holding "house meetings" in June and all parishioners will be invited to attend one session in person or on Zoom. More information will be provided as we set dates and locations for these conversations.
