

Highlights from March Vestry retreat and business meeting

The Vestry held its annual retreat and March business meeting March 24 and 25. We refreshed ourselves on the roles and responsibilities of the Vestry and discussed our spiritual gifts and how we might use them for the good of the whole. We looked at our mission and began work on setting a couple of goals for this year. In our business meeting, we approved the annual parochial report which is sent to the diocese and The Episcopal Church, we approved a new mask policy developed by the re-entry team, and approved a new building use policy that will guide us as more and more people and groups are interested in using our spaces. We're reading a book together this year, Rowan Williams' *Being Disciples*. Ask us about it!
