

# *Come Walk With Us*

St. Mary's is currently raising funds to create a **Labyrinth Garden** in its front yard, facing Central Ave. It will be a welcoming multi-purpose space for worship, personal spiritual growth, rest, and fellowship for the parish and community.

Read more about the project on the reverse side of this flyer or on our website.

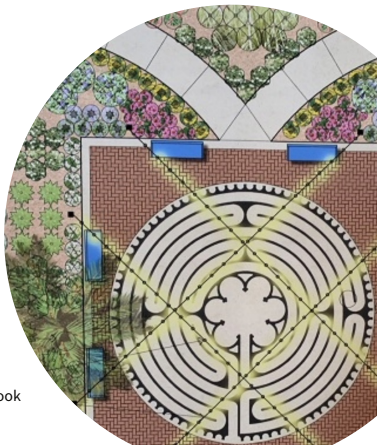

To contribute to this project, please scan the QR code below to give electronically, or send a check to the parish office.

# Labyrinth Garden at St. Mary's

## About the Project

The project will transform the current “front yard” of the parish grounds from cracked sidewalks, an unsightly hedge, and mulch to a beautiful, sustainable, welcoming multi-purpose space for worship, personal spiritual growth, rest, and fellowship for the parish and entire community.

The centerpiece is a patio made of permeable concrete pavers, including a 32-foot diameter labyrinth. We plan to use the patio for outdoor worship and church fellowship events as well as for community events such as prayer services, book sales, outdoor memorials and celebrations, and other activities as the Spirit leads us. The labyrinth will be available to all.

Surrounding the patio will be a beautiful garden area planted with drought-resistant, wildlife-friendly native plants.

## Timeline

We are seeking one-time gifts from members of the parish and the community in Fall 2023, as we plan to construct the Labyrinth Garden in Spring 2024.

## To Contribute

To help support this project, you may give online via our website <https://www.stmarysbythesea.org/labyrinthgarden/>. You can scan the QR code below to go to the page and click on the button: Donate to Labyrinth Garden Project. Or if you prefer, you may send in a check to the church office.
